

Meet Sam, our friendly flat supervisor who will be living in Chester House

***"As a foreign student in Christchurch, it was great to settle in a house and community that were so welcoming. Living at Chester House was a real bonus: I met awesome people and felt extra supported throughout my time here." - Estelle***

***"The best thing about Chester House this year has been the new church community I've become part of and seeing the positive effects of that play out in other areas of my life." - Samuel***

## Be Supported to Live and Thrive

Chester House is supported by a dedicated student supervisor and team of young adults from Oxford Terrace Baptist Church who live close by.

The year kicks off with a weekend away in Akaroa to hang out and get to know each other. It's our hope that Chester House will be a place where flatmates grow in Christ, find support for life, study and work, and are integrated into a community of faith while living away from home.

bedroom example

## The House

The house is on Chester Street East on the eastern fringe of central Christchurch, across the road from Oxford Terrace Baptist Church. It's within walking distance of the central city and Ara, and a 20-min bike ride to the University of Canterbury campus.

Bedrooms come furnished with basic bedroom furniture. The rest of the house is furnished and ready to live in.

Costs are \$170/week including power and internet to be paid from move in date. Other expenses like shared food are to be negotiated by flat mates. A bond of \$340 is to be paid at move in (repaid on moving out).
